

## OMS – Optibelt Media Service

Optibelt is now offering its strategic specialist trading partners a wide range of online media data for the various sectors.

Via [www.optibelt.com](http://www.optibelt.com) and the category: Trader Login, Optibelt partners can find all necessary media data for the various sectors. Everything that was sent by email and post to the customer in the past can now be comfortably and simply downloaded online by authorised Optibelt partners.

Here is a detailed list of the media data that is available for Optibelt partners:

- Optibelt documentation in PDF form (pamphlets and technical documents)
- Optibelt image and text data for internet presences or online shops in various formats
- PowerPoint presentations for product training
- Banners, posters or flyers for sales supporting measures
- Press releases and notice drafts
- Logos, letterings and product names in various formats and sizes

A complete package of marketing services that can now be simply and comfortably used online
